SUBMIT CANCEL

This screenshot shows a mobile browser on an iPhone displaying a sign-in form. The title 'SignIN Form' is at the top. Below it are two input fields: 'Username' and 'Password'. At the bottom are two buttons: 'SUBMIT' and 'CANCEL'. The browser status bar at the top shows the time as 5:53 PM, signal strength, and battery level.

PDD

symptoms

- Tremor**
Tremor in hands, arms, legs, jaw, or head. Muscle stiffness, where muscle remains contracted for a long time
- movement**
Slowness of movement Impaired balance and coordination, sometimes leading to falls
- Trouble Sleeping**
Do you thrash around in bed or act out dreams when you are deeply asleep? Sometimes, your spouse will notice or will want to move to another bed. Sudden movements during sleep may be a sign of Parkinson's disease.

PDD

Why use Parkinsons Test?

Taking the test can warn you if you have common early symptoms of Parkinsons, allowing you to follow up with your doctor. While no specific tests currently exist to diagnose Parkinson's, it's important to start treatment early when possible.
